

# California Power Authority & California Energy Commission

## Facility Licensing Workshop

### Invitation

**Purpose:** The California Consumer Power and Conservation Financing Authority (the "Power Authority") solicited proposals on February 28, 2003, for new peaking generation, on a fixed turnkey price basis for development, design, construction and start-up of the project and placing it into commercial operation by Summer 2005. The purpose of the workshop is to provide information to developers intending to respond to the Power Authority's RFP with a thermal power plant 50 MW or larger. The siting process for power plants and informational requirements for the Energy Commission's 6-Month permitting process will be explained.

**Date:** Wednesday, April 9, 2003  
**Schedule:** 10:00 AM - 1:00 PM  
**Location:** California Energy Commission  
Hearing Room "A" (Wheelchair Accessible)  
1516-9<sup>th</sup> Street, Sacramento, CA 95814 (See Map on Reverse)

**Questions:** General information on the Request for Proposals ("RFP") is available on the Power Authority's website at [www.capowerauthority.ca.gov/projects/PeakerRFP-Spring03.htm](http://www.capowerauthority.ca.gov/projects/PeakerRFP-Spring03.htm). If you require special accommodations, contact Lou Quiroz, at (916) 654-5146, at least five days prior to the workshop. Inquiries about the project should be directed to Thomas Flynn at the Power Authority at (916) 651-9756, or to [Thomas.Flynn@dgs.ca.gov](mailto:Thomas.Flynn@dgs.ca.gov). Siting inquiries should be directed to Paul Richins, at the Energy Commission at (916) 654-4074, or e-mail to [prichins@energy.state.ca.us](mailto:prichins@energy.state.ca.us).
